

## **Pest Management Companies That Treat Bedbugs in Connecticut**

The following is a list of Connecticut Pest Control Association (CPCA) member companies that perform bedbug work and the areas that they service. This list is being provided for your convenience by the CPCA in collaboration with the Connecticut Coalition Against Bedbugs (CCABB) under the leadership of the Connecticut Agricultural Experiment Station. It is not an endorsement of any of these companies and neither the CPCA, CCABB, nor the Connecticut Agricultural Experiment Station assumes any responsibility or liability as a result of your dealings with any of these companies.

It is recommended that the consumer check on any company they plan on hiring prior to doing business with them. As is often recommended, it is suggested that you contact three different companies in order to get information and get a “feel” for the company. Ask as many questions as you like, being sure to include at least the following:

- ☞ What will I have to do in preparation for the treatment; what are my responsibilities as the customer?
- ☞ What treatment method will be used?
- ☞ What chemicals will be used and where will they be applied?
- ☞ What type of warranty do you offer?
- ☞ What will the cost of the treatment be?

We hope you find this list and information helpful.

Name	Ct County Served	Address	Phone Number	Email Address	Bed Bug Dogs
